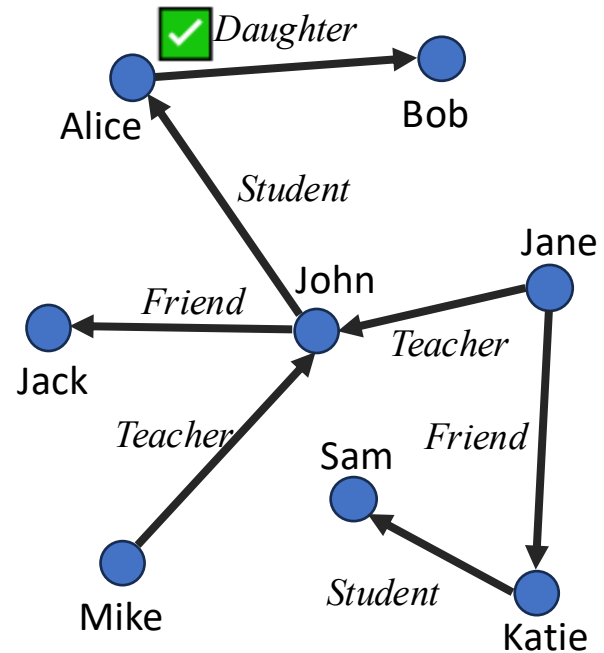
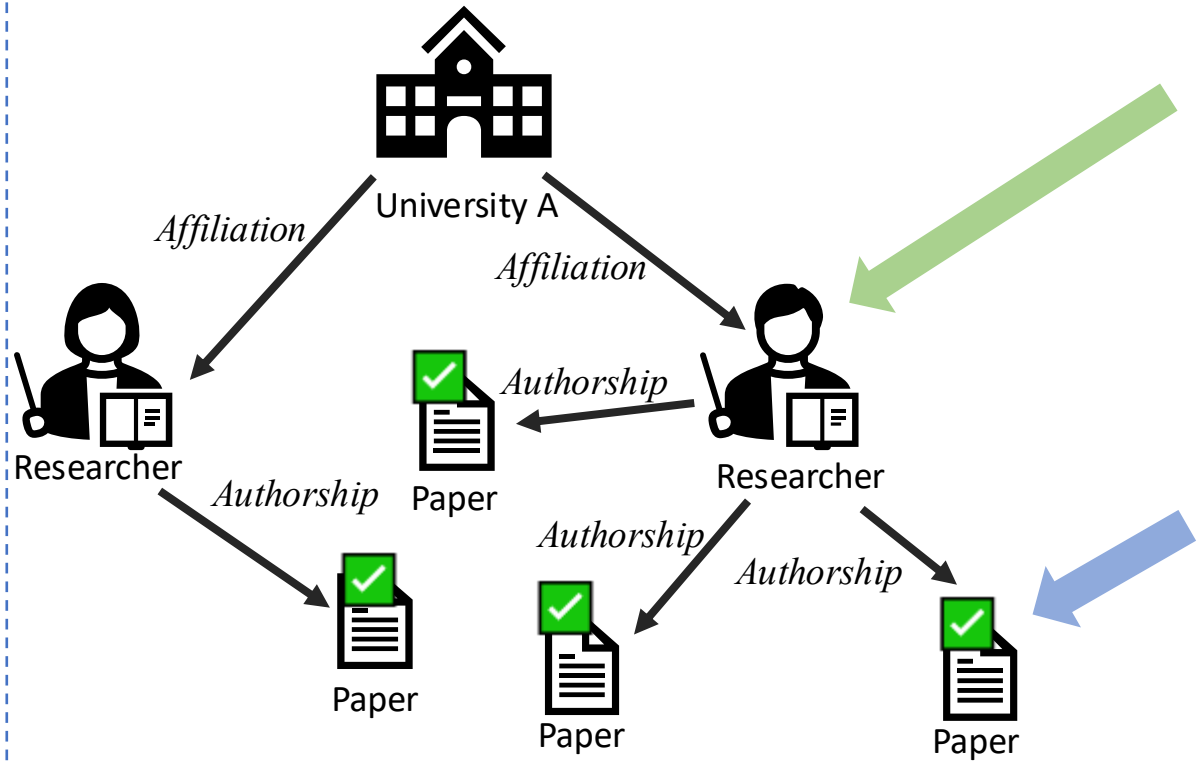
*Q*: *Who is the father of Alice?*



*Q*: *List the papers published by University A related to topic B?*



**Author name**: Igor A. Abrikosov
**Author paper count**: 409
**Author citation count**: 7624

**-Paper title**: Spectral properties of the three-dimensional Hubbard Model
**-Abstract**: We present momentum-resolved single particle spectra for the three-dimensional Hubbard model for the paramagnetic and antiferromagnetically ordered phase obtained within the dynamical cluster approximation. The effective cluster problem ...
**-Publication date**: 2011-06-07
**-Venue**: Physical Review B
